

## **NCCWMA Records Chair Report, Toronto, Canada, July 2019**

This report covers last year and the 2019 Indoor Season.

As Records Chair for the region, I am sent any record which equals or betters the WMA Record for indoor or outdoors in all events in which the WMA keeps records.

Each member country must first ratify the record for their country and then send me the paperwork by mail or email. In most cases the record application comes from the USA or Canada. The rest of the region does not send me applications because their events are not of high standard due to lack of proper equipment or timing facilities. Their officials are of high standard.

If there is a World Record set by athletes other than in the USA or Canada, that record is normally set at one of our world or Regional Championships which are of very high standard. These championships require no paperwork to be sent but all IAAF and WMA Rules must be followed.

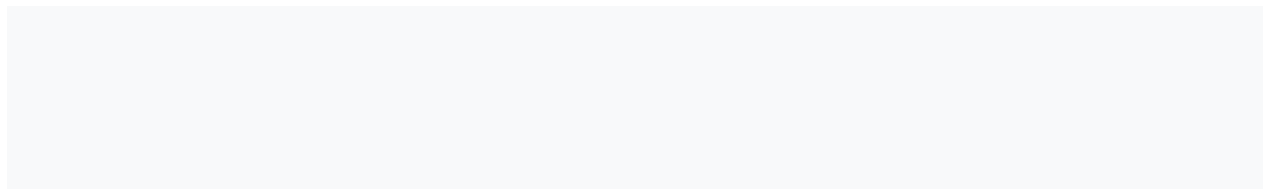

I hope that as the member countries of the region become more well equipped, they will apply for world Records.

The Regional Records are those set at any of our Regional Championships and only list events at these championships. The record charts are attached for male and female. At the 2019 NCCWMA Championships in Toronto, I think that many of these records will be surpassed. At present NCCWMA only has an Outdoor Championship.

See also attached a list of Indoor and Outdoor Records set by our region's female and male athletes at the World level indoor and outdoor events both stadia and non stadia. There were 21 set by men and 39 set by women.

The trend is now showing is that women are setting more records and increasing their entries in championships. Women are now entering over 2 events on average in championships compared to less than two by men.

If you have any questions about records at the regional level, please contact me.

## **Informe del Presidente de Registros de NCCWMA, Toronto, Canadá, julio de 2019**

Este informe cubre el año pasado y la temporada interior 2019.

Como Coordinador de Registros para la región, me envían cualquier registro que iguale o mejore el Registro WMA para interiores o exteriores en todos los eventos en los que la WMA mantenga registros.

Cada país miembro debe primero ratificar el registro de su país y luego enviarme la documentación por correo o correo electrónico. En la mayoría de los casos, la solicitud de registro proviene de los Estados Unidos o Canadá. El resto de la región no me envía solicitudes porque sus eventos no son de alto nivel debido a la falta de equipo adecuado o instalaciones de temporización. Sus funcionarios son de alto nivel.

Si hay un récord mundial establecido por atletas que no sean los EE. UU. O Canadá, ese récord normalmente se establece en uno de nuestros Campeonatos mundiales o regionales que son de muy alto nivel. Estos campeonatos no requieren que se envíen documentos, pero se deben seguir todas las Reglas de la IAAF y WMA.

Espero que a medida que los países miembros de la región estén mejor equipados, solicitarán los récords mundiales.

Los Registros Regionales son aquellos establecidos en cualquiera de nuestros Campeonatos Regionales y solo listan eventos en estos campeonatos. Las tablas de registro se adjuntan para hombres y mujeres. En el Campeonato NCCWMA 2019 en Toronto, creo que muchos de estos récords serán superados. En la actualidad NCCWMA solo tiene un Campeonato al aire libre.

Ver también adjunta una lista de los récords de interiores y exteriores establecidos por los atletas femeninos y masculinos de la región a nivel mundial. Hubo 21 conjuntos por hombres y 39 por mujeres.

La tendencia que ahora se muestra es que las mujeres están estableciendo más récords y aumentando sus entradas en los campeonatos. Las mujeres están ingresando a más de 2 eventos en promedio en campeonatos, en comparación con los dos menos hombres.

Si tiene alguna pregunta sobre los registros a nivel regional, comuníquese conmigo.

Brian Keaveney  
NCCWMA Records Chair
